To Whom it May Concern:

This letter is to advise and certify that Dr. Sergio Benchimol from Brazil has been an observer with the Eye Research Institute of Retina Foundation and the Retina Associates of Boston, Massachusetts from June 9 - July 9, 1984.

Dr. Benchimol was an active participant and observer of the advanced medical-diagnostic and surgical techniques practiced by our clinic in the treatment of vitreoretinal diseases, within the operating rooms of the Massachusetts Eye and Ear Infirmary and the Retina Associates.

We found Dr. Benchimol to be a sincere and devoted ophthalmologist who took full advantage of his time in Boston.

Sincerely yours,

Mark Mullaney
Executive Director
